**Re: Request for Replacement Equipment Determination
The Board of Trustees of the University of Alabama for the University of Alabama Hospital
Neurology Laboratory 16**

Ms. Marsal:

Pursuant to Alabama Certificate of Need Rules and Regulations ("CON Rule") 410-1-7-.02, The Board of Trustees of the University of Alabama for the University of Alabama Hospital ("Board") respectfully requests your review and determination that the Board does not require a Certificate of Need ("CON") from the State Health Planning and Development Agency to replace existing equipment in Neurology Laboratory 16 at the University of Alabama Hospital.¹ To complete your review, the Board respectfully submits the following information:

The Board intends to replace one Allura XPERA FD 20/10 Bi-Plane X-Ray Systems from Philips Medical, which is used for a variety of neurological procedures. The equipment will be replaced with a Philips Healthcare Azurion System, which has advanced software tools, including Smart CT, Intrasight, EchoNavigator, and Vessel Navigator systems. The total cost to replace the existing unit in Laboratory 16 is **\$2,640,414**.

Renovation at the hospital is necessary to create a new lab adjacent to the existing neurology lab located on the 6th Floor, North Pavilion. The construction budget for the renovation project is \$1.75M. An estimated \$1.1M in minor equipment will be replaced as part of the project. No additional staffing cost will be incurred on the operation of the new equipment as the same clinical personnel will staff the new laboratory.

The estimated cost of construction, renovation, and minor equipment total \$2.85M, which does not include the cost of the replacement unit described above. A third-party vendor will de-install the existing equipment at a cost of \$5,250, and annual maintenance for the lab is projected to be \$175,435.

¹ The University of Alabama Hospital, an academic medical center and the largest hospital in the State of Alabama, is a division of the Board. The hospital is comprised of three acute care hospitals: University Hospital (the main hospital), UAB Hospital – Highlands, and UAB Hospital – Callahan Eye. All three facilities are located within a few blocks of each other in Birmingham, Alabama. Together, the three facilities comprise the University of Alabama at Birmingham ("UAB") Hospital Campus. The facilities operate (or will soon operate) under the same SHPDA ID number, under one Tax ID number, under one Medicare and Medicaid provider number, and under one hospital license (H3717) issued by the Alabama Department of Public Health.

Please note that, consistent with CON r. 410-1-5-.01, the replacement equipment does not **(a)** change the purpose, use, or application of the equipment; **(b)** enable the hospital to expand its current health care services; or **(c)** enable the hospital to provide any health services that it has not previously provided on a regular basis. The old equipment will be taken out of service.

We respectfully request your determination that the attached *Request for Determination of Exemption Status for Replacement of Existing Equipment*, **EXHIBIT A** hereto, is not subject to CON Review and that the Board is not required to obtain a CON to replace the existing equipment. The **\$5,281** filing fee, which is required by *Ala. Code* §§ 22-21-271 and 22-21-265(b)(4), has been submitted electronically. A copy of the confirmation of payment is attached as **EXHIBIT B**.²

Should you have any questions regarding the project to replace existing equipment in Neurology Lab 16 at the University of Alabama Hospital, please do not hesitate to contact me directly at cransburgbrown@uasystem.edu.

Respectfully Submitted,

C. Ransburg-Brown

c: Arpan Limdi, VP, Chief Facilities Officer
Juan DeOnis, AVP, Planning and Analytics, UAB Hospital

² The confirmation of payment reflects that the **\$5,281** filing fee for the **Laboratory 16** was combined with the filing fee submitted for Laboratory 17 for **one combined electronic payment** of **\$10,218**.

6. Philips Standard Terms and Conditions

GENERAL TERMS AND CONDITIONS OF SALE AND SOFTWARE LICENSE ("Conditions of Sale") (Rev 24)

1. Initial Provisions.

- 1.1 The Products (equipment, service, and software) offered on the quotation ("Quotation") by the Philips legal entity identified thereon are subject to these Conditions of Sale.
- 1.2 The purchase prices set out on the Quotation excludes all taxes. All taxes on the Products will be borne by Customer unless Customer provides a tax exemption certification reasonably in advance of the date the Order is invoiced; otherwise, Philips will invoice Customer for those taxes and Customer shall pay those taxes in accordance with the terms of the invoice.

2. Quotation, Order, and Payment.

- 2.1 Any Quotation on the Products will be open for acceptance within the period indicated therein and may be amended or revoked by Philips prior to Customer's acceptance. Any purchase orders shall be subject to Philips' confirmation. Any terms and conditions set forth on Customer's purchase order or otherwise issued by Customer shall not apply to the Products.
- 2.2 The prices and payment terms are set out on the Quotation. Orders are subject to Philips' ongoing credit review and approval.
- 2.3 Interest will apply to any late payments. Customer shall pay interest on any overdue amount not actively disputed paid at the annual rate of twelve percent (12%) which may be billed monthly. If Customer fails to pay any amounts due or breaches these Conditions of Sale, Philips will be entitled to suspend the performance of its obligations and deduct the unpaid amount from any amounts otherwise owed to Customer by Philips, in addition to any other rights or remedies available to Philips. Philips shall be entitled to recover all costs and expenses, including reasonable attorneys' fees related to the enforcement of its rights or remedies.
- 2.4 Customer has no right to cancel an order unless such cancellation right is granted to Customer by mandatory law.
 - 2.4.1 If Customer cancels the order prior to the order being sent to the factory for manufacturing, then Customer shall pay fifteen percent (15%) of the net selling price of the Product(s).
 - 2.4.2 If Customer cancels the order after the order is sent to the factory for manufacturing, then Customer shall pay the full net selling price of the Product(s).
 - 2.4.3 If Customer has not taken delivery for each Product contained in Quotation and Customer's purchase order (or in-lieu of purchase order) within twenty-four (24) months from Philips' receipt of Customer's purchase order (or in-lieu of purchase order) then the Product shall be deemed cancelled. In such event, if the order is deemed cancelled prior to being sent to the factory for manufacturing, then the requirements under Section 2.4.1 apply; if the order is deemed cancelled after being sent to the factory for manufacturing, then the requirements under Section 2.4.2 apply.
- 2.5 Philips may make partial or early shipments and Customer will pay such invoice based on the date of invoice for each Product in accordance with the payment terms set forth in the Quotation.
- 2.6 Payments may be made by check, ACH, or wire. Philips does not accept transaction fees for any electronic fund transfers or any other payment method. Philips imposes a surcharge on credit cards of two percent (2%), which is not greater than its cost of acceptance. All check payments over \$50,000 USD must be paid via eCheck or via Philips prepaid FedEx account with tracking to secure against fraud and misappropriation.

3. Philips Security Interest until Full Payment.

- 3.1 Philips is entitled to retain a security interest in the Products until Philips receives full payment.

4. Technical changes.

- 4.1 Philips shall be entitled to make changes to the design or specifications of the Products at any time, provided such change does not adversely affect the performance of the Products.

5. Lease and Trade In.

- 5.1 If Customer desires to convert the purchase of any Products to a lease, Customer shall, within ninety (90) days prior to the delivery of the Products, provide all relevant rental documents for review and approval by Philips. Customer is responsible for converting the transaction to a lease and is required to secure the leasing company's approval of all these Conditions of Sale. No product will be delivered to Customer until Philips has received copies of the fully executed lease documents and has approved the same. For any lease, if the lease does not fund then:
 - 5.1.1 Customer guarantees the payment of all monies due or that may become due under these Conditions of Sale;
 - 5.1.2 Philips may convert the lease back to a purchase and invoice Customer; accordingly, and
 - 5.1.3 Customer will pay all such invoiced amounts per the invoice terms. In the event that there are multiple Products on one Quotation, the Product with the longest period for converting the transaction to a lease shall prevail.
- 5.2 Philips may provide a rental agreement at its discretion.
- 5.3 In the event Customer will be trading-in equipment ("Trade-In"), Customer will provide the following:
 - 5.3.1 Customer undertakes to possess good and marketable title to the Trade-In as of the date of the Quotation and when Philips takes possession of the Trade-in from Customer's site. In the event Customer is in breach of this undertaking, Customer shall not be entitled to keep a trade-in credit for such Trade-In and shall promptly refund Philips such credited amounts upon receipt of an invoice from Philips.
 - 5.3.2 The trade-in value set forth on the Quotation is conditioned upon Customer providing Trade-In no later than the date Philips makes the new Product listed on such Quotation available for first patient use. However, in all cases and notwithstanding the foregoing, Customer shall bear the costs of any reduction in trade-in value arising due to a delay by Customer in connection with equipment delivery, installation, and go-live dates and promptly pay the revised invoice.
 - 5.3.3 In the event Philips receives a Trade-In having a different configuration (including software version) or model number than the Trade-In described on the Quotation, Philips reserves the right to adjust the trade-in value and revise the invoice accordingly, and Customer shall pay such revised invoice promptly upon receipt.
 - 5.3.4 In the event the condition of the trade-in is not in good working order or physically damaged, Customer's trade-in credit may be reduced, in whole or in part by Philips, at Philips' discretion.
 - 5.3.5 Customer undertakes to
 - 5.3.5.1 clean and sanitize all components that may be infected and all biological fluids from the Trade-In;
 - 5.3.5.2 drain any applicable chiller lines and cap any associated plumbing and
 - 5.3.5.3 delete all personal data in the Trade-In. Customer agrees to reimburse Philips for any out-of-pocket costs incurred by Philips arising from Customer's breach of its obligations herein.

6. Shipment and Delivery Date.

- 6.1** Philips shall deliver the Products in accordance with the Incoterms set forth on the Quotation. If Philips and Customer agree to any other terms of delivery, additional costs shall be for the account of Customer. Title (subject to Section 3 entitled Philips Security Interest) to any Product (excluding software), and risk of loss shall pass to Customer upon delivery to the shipping carrier. However, Philips shall pay the cost of freight and risk insurance (during transport to destination). Customer shall obtain and pay for insurance covering such risks at destination.
- 6.2** Philips will make reasonable efforts to meet delivery dates quoted or acknowledged. If Customer causes the delay, any reasonable expenses incurred by Philips will be paid for by Customer, including all storage fees, transportation expenses, and related costs. Customer shall pay the eighty percent (80%) installment payment upon delivery to Customer site or Philips warehouse. For the purposes of clarification, "Delay" in this section shall mean a date later than Customer agreed delivery date identified via confirmation of the delivery date with Customer prior to releasing the Product for production.

7. Installation.

- 7.1** If Philips has undertaken installation of the Products, Customer shall be responsible for the following at its sole expense and risk:
- 7.1.1** The provision of adequate and lockable storage for the Products on or near the installation site. Additionally, customers shall consider the manufacturing labeling requirements for environmental and storage conditions. Customer will repair or replace any lost or damaged item during the storage period.
- 7.1.2** Philips or its (affiliate's) representative shall have access to the installation site without obstacle or hindrance in due time to start the installation work at the scheduled date.
- 7.1.3** The timely execution and completion of the preparatory works, in conformity with Philips' installation requirements. Customer shall ensure the prepared site shall comply with all safety, electrical, and building codes relevant to the Products and installation thereof.
- 7.1.4** The proper removal and disposal of any hazardous material at the installation site prior to installation by Philips.
- 7.1.5** The timely provision of all visa, entry, exit, residence, work, or any other permits and licenses necessary for Philips' or Philips' representatives' personnel and for the import and export of tools, equipment, Products, and materials necessary for the installation works and subsequent testing.
- 7.1.6** The assistance to Philips or Philips' representative for moving the Products from the entrance of Customer's premises to the installation site. Customer shall be responsible, at its expense, for rigging, the removal of partitions or other obstacles, and restoration work.
- 7.2** If Products are connected to a computer network, Customer shall be responsible for network security, including but not limited to, using secure administrative passwords, installing the latest validated security updates of operating software and web browsers, running a Customer firewall as well as maintaining up-to-date drivers, and validated anti-virus and anti-spyware software. Unauthorized Updates, as defined in the Product Schedules, may adversely affect the functionality and performance of the Licensed Software.
- 7.3** If any of the above conditions are not complied with, Philips or Philips' representative may interrupt the installation and subsequent testing for reasons not attributable to Philips and the parties shall extend the period for completing the installation. Any additional costs shall be for Customer's account and Philips shall have no liability for any damage resulting from or in connection with the delayed installation.
- 7.4** Philips shall have no liability for the fitness or adequacy of the premises or the utilities available at the premises for installation or storage of the Products.

8. Product Damages and Returns.

- 8.1** The following shall apply solely to medical consumables:
Customer shall notify Philips in writing substantiating its complaints within ten (10) days from its receipt of the Products. If Philips accepts the claim as valid, Philips shall issue a return authorization notice and Customer shall return the Products. Each returned Product shall be packed in its original packaging.

- 9.1** The Product warranties for Philips products sold hereunder are set forth on <https://www.usa.philips.com/healthcare/about/terms-conditions>. Any disposable Product intended for single use supplied by Philips to Customer will be of good quality until the expiration date applicable to such Product.
- 9.4** Stand-alone Licensed Software Products. Philips warrants that the Stand-alone Licensed Software shall substantially conform to the technical specification for a period of ninety (90) days from the date Philips makes such Stand-alone Licensed Software available to Customer. This warranty shall only extend for a period of ninety (90) days after the completion of the services.
- 9.6** Customer shall only be entitled to make a Product warranty claim if Philips receives written notice of the defect during the warranty period within a reasonable period after Customer discovering such defect and, if required, the Product or the defective parts shall be returned to an address stated by Philips. Such defective parts shall be the property of Philips after their replacement.
- 9.7** Philips' warranty obligations and Customer's sole remedy for the Product shall be limited, at Philips' option, to the repair or replacement of the Product or any part thereof, in which case the spare parts shall be new or equivalent to new in performance, or to the refund of a pro rata portion of the purchase price paid by Customer solely after a reasonable cure period is given to Philips.

14.5 The Licensed Software may only be used in relation to Products or systems certified by Philips. If Customer modifies the Licensed Software in any manner, all warranties associated with the Licensed Software and the Products shall become null and void. Customer installation of Philips' issued patches or updates shall not be deemed to be a modification.

14.6 Philips and its affiliates shall be free to use any feedback or suggestions for modification or enhancement of the Licensed Software provided by Customer for the purpose of modifying or enhancing the Licensed Software as well as for licensing such enhancements to third parties.

14.7 With respect to any third-party licensed software, Customer agrees to comply with the terms applicable to such licensed software. Customer shall indemnify Philips for any damage arising from its failure to comply with such terms. If the third-party licensor terminates the third party license, Philips shall be entitled to terminate the third party license with Customer and make reasonable effort to procure a solution.

If Section 1861(v) (1) (1) should be found to be inapplicable, then this paragraph shall be deemed inoperative and without force and effect.
- 18.11** As of the date of the sale of this Product, Philips represents and warrants that Philips, and its employees and subcontractors, are not debarred, excluded, suspended, or otherwise ineligible to participate in a federal or state health care program, nor have they been convicted of any health care related crime for Products provided under these Conditions of Sale (an "Excluded Provider"). Customer's additional or different terms and conditions, whether stated in a purchase order or other document issued by Customer, are specifically rejected and shall not apply to the transactions contemplated by the Quotation.

Climate control could include costs associated with ensuring a climate- controlled environment. Activities and expenses required for preservation may include time, materials, and transportation to package and seal, and transport the equipment to a controlled environment to prevent dust from entering the equipment. For MR, as may be applicable, this includes the consumption of Helium for life support.

4. Further use of System Data.

- 4.1** Mandatory Data. Customer acknowledges and agrees that by executing this Agreement and using the Licensed Software, it has agreed that product inventory and crash signature data generated by the Licensed Software shall be delivered into the custody of Philips, or of systems maintained on Philips’ behalf, without notice to Customer. Available for first patient use means the Product has been installed and substantially meets Philips’ systems verification functionality set forth in the installation manual.

3. Installation.

3.1 In addition to the obligations set forth in Section 7 Site Preparation and Installation, Customer installation must begin within eight (8) weeks of receipt of delivered Product and completed within six (6) months or as set forth in the statement of work (SOW), whichever is longer.

4. Customer Room Preparation Responsibilities.

4.1 In addition to the requirements set out in section 7 of the Conditions of Sale, Customer is responsible for the following site preparation and installation activities:

4.1.1 Customer is responsible for all activities and costs necessary to prepare the facility for installation of the Product by Philips. Customer’s obligations include, but are not limited to, running all cable in procedure room and network cable to workstations prior to installation.

4.1.2 Prior to acceptance of the Quotation, Customer shall obtain from the applicable Philips implementation team any other additional Customer installation preparation requirements in connection with the implementation resulting from unique attributes of Customer’s environment and the size of the implementation.

5. Archive Requirement.

5.1 Customer is required to have an archive for any IntelliSpace Cardiovascular (ISCV), or IntelliBridge Enterprise Licensed Software (IBE) system provided hereunder. If Customer provides its own storage, Customer is responsible for procuring any specialty software or hardware (fiber channel or host bus adapter (“HBA”)) necessary to manage storage and allow the system to access the storage. Customer is responsible for providing fiber channel switches, port upgrades, and other telecommunications and/or network hardware required for the Philips products to physically connect to the storage, regardless of whether Philips provides the storage as a one off third-party item at Customer’s request.

6. Certified Hardware.

6.1 Philips shall install the Licensed Software solely on certified hardware pursuant to Philips’ specifications where such certified hardware is identified and located on Philips website Hardware Specifications – Philips http://www.usa.philips.com/healthcare/product/HCNOCTN198/intellispacecardiovascular?int_origin=2_HC_landing_na_us_en_clinical_informatics_cardiology_informatics_more

7. Storage Sizing.

7.1 To the extent not otherwise stated in the Quotation, Philips shall have no obligation or responsibility in connection with providing or managing storage. Upon request, Philips will provide Customer with estimates of image study sizes for different types of studies that Customer can use as a general aide to calculate and determine its near-term and long- term storage requirements for Cardiology and HCIS picture archive communication system solution. Customer is responsible determine what storage archive device types and sizes are required to support its, IntelliSpace Cardiovascular (ISCV), or IntelliBridge Enterprise Licensed Software (IBE), whether through procurement from Philips or utilization of Customer’s own existing storage solutions. Customer acknowledges that use of storage varies greatly based on its unique utilization of the system and based on factors that are outside Philips’ control. Therefore, and notwithstanding any estimates provided to Customer by Philips, Customer is solely responsible to determine what storage archive device is best suited to meet its needs. As part of its decision making process in connection with archive device storage size, Customer acknowledges that study sizes are affected greatly by

7.1.1 changes in the types and amount of modality equipment used,

7.1.2 technician discretion in file size creation, and

7.1.3 clinical protocols within a department. Customer is solely responsible for system administration for the IntelliSpace Cardiovascular (ISCV), or IntelliBridge Enterprise Licensed Software (IBE), solution, which includes monitoring the storage archive device for its utilization levels and planning any necessary storage changes as Customer’s requirements change.

8. Unauthorized Patches and Anti-Virus Updates.

8.1 Customer’s installation or use of

8.1.1 operating system patches, updates or upgrades;

8.1.2 anti-virus updates (except to the DAT files i.e. virus definitions); or,

8.1.3 upgrades to anti-virus search engines without prior validation testing and approval by Philips (Unauthorized Updates) may adversely affect the functionality and performance of the Licensed Software. Philips shall perform validation testing of certain Microsoft operating systems, and certified anti-virus software published in the documentation during the warranty period. Philips shall have no obligation to validate any other third- party operating system or anti-virus software. If Customer installs or uses Unauthorized Updates, Philips shall have no liability or responsibility for performance of the Licensed Software and the warranty shall be void. If Customer is using Unauthorized Updates when

requesting service support or an Unauthorized Update is discovered by Philips after commencing the technical support process, then, prior to being obligated to perform warranty support services during a service period, Philips may require Customer to roll back to the most recent operating system. Management of third party anti-virus software to protect Customer's network infrastructure, Client Devices, the Server, and the Licensed Software application is the sole responsibility of Customer under this Agreement. Accordingly, anti-virus issue resolution is Customer's responsibility and expense.

9. Interfaces.

9.1 Xper IM, Philips Hemo IntelliSpace Cardiovascular (ISCV), and IntelliBridge Enterprise Licensed Software Interfaces (IBE). Philips' obligation to provide any Xper IM, Philips Hemo, IntelliSpace Cardiovascular (ISCV), or IntelliBridge Enterprise Licensed Software (IBE) interfaces is expressly conditioned upon Customer enabling its Hospital Information System (HIS) system to send and receive HL7 messages to and from the applicable Philips products by the date the products are available for first patient use. If Customer has not fulfilled its interface obligations by such time, Philips may, at its discretion, terminate any interface obligations and refund any pre-paid amounts for interfaces against the applicable purchase order. Customer will execute any documentation reasonably requested by Philips to document such terminated interfaces. Upon Philips issuance of a refund in accordance with this section, Customer shall be deemed to have accepted the applicable Philips products. Any interfaces terminated shall be re-evaluated under a separate new sales contract.

10. Customer Controlled Workflow Tools.

10.1 Certain Philips products contain Customer maintained tools used in the creation and maintenance of interfaces, forms, screens, reports, data mappings, and calculations (Customer Controlled Workflow Tools). Because these tools control what information is presented to the end-user and how the information is presented, Customer must thoroughly test and validate each interface, form, screen, report, mapping, and calculation after making any changes to the Product or to external systems that supply data to the Philips product. Failure to do so could result in information being presented to the end-user in a manner different than originally configured, less desirable to the patient care giver and negatively impacting patient care outcomes. Therefore, prior testing of any of the above changes by Customer is recommended by Philips. In all cases, Customer is solely responsible for data field population in Philips products directly arising from;

10.1.1 Customer's use of Customer Controlled Workflow Tools; or,

10.1.2 Through the receipt of information delivered from a non- Philips information system that has been modified post project implementation test. These factors are not within Philips control.

11. Frequent Data Backup/Disaster Recovery Responsibility.

11.1 Philips is not responsible for the development or execution of a business continuity/disaster recovery plan or backing up the data and images processed by the Products. Customer may request Philips' assistance in designing a disaster recovery plan, but Philips accepts no liability whatsoever for the resulting plan or the results of Customer's utilization of such plan. Customer is responsible for performing frequent backups of any data, patient information or images residing on the repository database, on Philips Products, or an archive, on a daily basis at minimum; however, more frequent back-ups are appropriate depending upon the application; provided that, it is Customer sole liability and responsibility to determine such frequency more often than on a daily basis. Except to the extent that Customer purchases some or all of the storage solution from Philips, as provided for in Section 7.1 (Storage Sizing), Philips does not provide the storage archive or Client Devices to be used with the Products. These are Customer provided and not included in this purchase.

12. Statement of Work (SOW).

12.1 A Statement of Work, if required as defined in the product schedules, must be signed in writing by both parties and submitted with Customer's purchase order. Philips may reject orders in the absence of the Statement of Work.

13. Support Services.

13.1 During the applicable product warranty period, Philips shall provide, at no charge to Customer, Philips' then- current in- warranty service for the products. Customer must provide Philips with remote access to the Products and shall use Philips Remote Service Data Centre (PRSDC) service to enable Philips to access the system to perform its support obligations.

13.2 Warranty exclusions set forth in Section 9.6 of Conditions of Sale also apply to Support Services hereunder. The conditions that resulted in the exclusion of product warranty coverage, set forth in Section 8.6, shall also apply to any service provided during an in- warranty or post warranty coverage period.

14. Systems Administration Requirement.

14.1 Customer, at all times, shall have a designated systems administrator that has completed systems administration training for the version of the product running at Customer's site. Systems administration training is set forth in the Quotation.

15. Migration.

15.1 Philips standard migration tool set-up service (Migration Tool Set-Up Service) consists of Philips installing a migration solution tool, configuring the migration interface, testing the migration solution tool, and training Customer to operate and manage the migration tool for Customer to perform the data migration (Migration Set-up Tool Activities). For the purposes of clarification, Migration Set-Up Activities do not include Philips performing the migration, including starting and stopping the migration tool process, loading off-line media, monitoring the process, and correcting the migrated data (and not any Data Migration Project Management Consulting Service).

15.2 Unless Customer purchases a separate data migration project management consulting service from Philips and signs an SOW clearly indicating that Philips will be performing and managing the data migration on Customer's behalf (Data Migration Project Management Consulting Service), Philips is responsible solely to perform the Migration Set-Up Activities.

15.3 In all instances, Philips shall have no responsibility under either its Migration Tool Set-Up Service or Data Migration Project Management Consulting Service to:

15.3.1 locate missing studies;

15.3.2 fix corrupt media or studies; or,

15.3.3 repair failed Customer legacy hardware discovered during the migration service.

15.4 Migration Tool Set-Up Service or Data Migration Project Management Consulting Service to migrate studies affected by the foregoing events. Additionally, Customer shall have the sole responsibility to estimate the number of studies required to be migrated and to pay any additional costs that result from an inaccurate estimate.

3. Payment Terms.

3.1 Unless otherwise specified in the Quotation, Philips will invoice Customer and Customer will pay such invoice on receipt for each product as follows:

3.1.1 100% of the purchase price shall be due thirty (30) days from Philips' invoice date.

3.2 Support Services, if any, shall be invoiced and paid as set forth on the Quotation.

3.3 Payment terms are subject to credit approval.

4. Return Policy.

4.1 If there is a problem with an order, Philips wants to correct it as soon as possible. Please note the following instructions before returning merchandise to Philips.

- 4.1.1** The Customer Services Department of Philips Healthcare Supplies Center in Nashville, TN must authorize all returns of medical supplies. Please call 1-800-225-0230 for a return authorization number. Customer shall pay all shipping charges for returns.
- 4.2** Returns after sixty (60) days of shipment shall be subject to a restocking charge of fifteen percent (15%).
- 4.3** Philips does not accept returns of Supplies Products that have been opened, are expired or damaged. Please contact Philips Healthcare at 1-800-225-0230 for guidance on any returns.
- 5. Installation.**
- 5.1** For products with installation included in the purchase price, acceptance by Customer occurs upon completion of installation by Philips. For products without installation included in the purchase price, acceptance by customer occurs upon delivery. If Customer schedules or delays installation by Philips more than thirty (30) days after delivery, Customer's acceptance of the products will occur on the thirty-first (31st) day after delivery.
- 5.2** Installation of the mounted Philips patient monitor with or without modules and accessories onto third party medical carts will align with the guidance set forth in the current International Electrotechnical Commission (IEC) 60601-1 publication, including but not limited to Section 9.4, Instability Hazards. The IEC publication addresses the general requirements for basic safety and essential performance of medical electrical equipment. Accordingly, any third party medical cart receiving installation of the mounted Philips patient monitor must have 4 wheels with locking mechanism. Customer understands and agrees that it must confirm to Philips that its medical carts have 4 wheels with locking mechanism as a prerequisite for the sale and installation of the mounted Philips patient monitor. Customer will comply with Philips' process for confirmation, which includes the following: (i) an email from Customer to the Philips sales representative confirming that the prerequisite has been met and (ii) an on-site verification by Philips.
- 6. Philips IntelliVue Products.**
- 6.1** The following applies in the event Customer elects to use the Philips IntelliVue Information Center on Customer provided general network versus dedicating a separate Philips provided IntelliVue Clinical Network to support the communication between the Philips IntelliVue Information Center and the Philips IntelliVue bedside Vital Signs or IntelliVue Patient Monitors
- 6.2** The Philips IntelliVue Information Center is a secondary vital signs monitoring tool that is used by Customers to monitor the activity arising from alarms that sound from a Vital Signs Patient Care Monitor at the patient bedside. Philips advises that the likelihood of network or bandwidth outages is generally greater when using a medical device on a general network vs. a network dedicated solely to its use. In the event of a network or bandwidth outage were to directly affect the Philips IntelliVue Information Center's ability to communicate with a bedside Monitor, the Philips IntelliVue Information Center would not be available to get real time alarm information from a bedside Monitor. Accordingly, Customer is reminded that its nursing protocols at the patient room floor must be based on using the Philips bedside Monitor, at all times, as the primary medical device to use and respond to, for monitoring patient's vital signs at the patient bedside.
- 7. Clinical Informatics Products, and Philips IntelliVue Information Center Product Family.**
- 7.1** The following additional terms shall apply:
- 7.1.1** Anti-Virus.
- 7.1.2** Philips does not sell anti-virus software with these products. Customer bears the sole responsibility to purchase and manage all virus issues in connection with the products. Use of anti-virus in a manner not recommended in the user manual or without patch validation with Philips is Customer's sole responsibility or risk.
- 7.1.3** Philips IntelliVue Information Center. PIIC iX supports multiple antivirus solutions. See the document PIIC iX and PIIC Antivirus Software Use and Configuration Guide for details.
- 7.2** Prior Validation of Operating System (OS) Updates and/or Upgrades.

3. Price.

3.1 In consideration for the Services to be performed by Philips, Customer shall pay the prices defined in the Quotation (the “Contract Price”).

3.2 The Contract Price is a gross amount but exclusive of any value added tax (VAT), sales tax, GST, consumption tax or any other similar tax. If the transactions as described in the Agreement are subject to any applicable VAT, sales tax, consumption tax or any other similar tax, Philips will charge VAT, sales tax, consumption tax or any other similar tax to Customer, which will be paid by Customer in addition to the Contract Price. Customer shall provide Philips with an appropriate exemption certificate in advance of the date the Service is invoiced, or Customer shall pay all taxes per Philips’ invoice.

3.3 Contract Prices are based on the price levels at the effective date of the Agreement. Except as otherwise provided on the Quotation, Philips reserves the right to adjust customer list pricing and (or) net pricing, during the term of the Agreement set forth in the Quotation and incorporated herein (“Term”). Such adjustment in pricing requires thirty (30) day written notice, will not be retroactive, cannot start before first year of contract, and will not exceed more than three percent (3%) change annually. 3.5 List Price Harmonization. In an effort to simplify and harmonize Philips services and/or products portfolio pricing structure Philips may, no more than once during the term of the Agreement, unilaterally adjust the price list and discount schedule for services and/or products under this Agreement, with no impact to the current net price. Philips will:

- 3.5.1 Provide thirty (30) days' written notice prior to fixing the net price of the service(s) and/or product(s) sold under this Agreement for twelve (12) months (the "Lock Period") at the net price (the "Lock Price") of the service(s) and/or product(s) in effect at the time of Customer's receipt of the written notice.

4. Payment.

- 4.1 Customer shall pay the Contract Price to Philips within thirty (30) days from the date of invoice in accordance with the instructions on the invoice.
- 4.2 Customer shall make any payments under this Agreement without any set-off, withholdings, or any other deductions.
- 4.3 Payments may be made by check, ACH, or wire. - 4.4 Customer shall pay interest on any amount not paid when due at the annual rate of twelve percent (12%) in the case of the U.S., which may be billed on a monthly basis or at the maximum rate permitted by applicable law for Canada.
- 4.5 If the Term of the Agreement is greater than one (1) year in duration, and Customer provides Philips a purchase order (PO) for a period of time less than the Term, then Customer will promptly provide Philips updated POs to fulfill the entire Term.
- 4.6 If Customer fails to pay any amount when due, Philips may, in addition to other rights it may have under this Agreement or by law, at its option:
 - 4.6.1 withhold or suspend performance under the Agreement until all payments from Customer have been received by Philips;

Notwithstanding the above, the Services provided by Philips are subject solely to the terms and conditions set forth in this Agreement. Customer guarantees the payment of all monies due or that may become due under this Agreement in spite of any collateral arrangements Customer may have with such Third-Party Organization or any payments Customer has made to the Third-Party Organization.  - 6.9.7 facilitating the reconnection by Philips in case of any temporary disconnection occurs;
- 6.10 If Customer fails to provide the access described in Section 6.9 and so the Equipment and/or the service tools are not connected to the PRSDC (including any temporary disconnection) and/or (security) updates are not downloaded and installed on the service tools, Customer waives its rights to Services under this Agreement and any uptime guarantee and shall be responsible for any damage due to such failure;

7. Warranty Disclaimer.

- 7.1 Philips' sole service obligations to Customer are described in this Agreement. All labor, including technical support, shall be performed in a good and workmanlike manner, subject to applicable Terms of Service, including any exclusions. Philips provides no additional warranties under this Agreement. All Services and parts provided under this Agreement are provided "as is". PHILIPS SPECIFICALLY DISCLAIMS ALL OTHER EXPRESS OR IMPLIED WARRANTIES INCLUDING, WITHOUT LIMITATION, ALL WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE.

8. Limitations of Liability.

- 8.1 THE TOTAL LIABILITY OF PHILIPS ARISING UNDER OR IN CONNECTION WITH THE PARTS AND SERVICES FOR ANY BREACH OF CONTRACTUAL OBLIGATIONS, WARRANTY, TORT (INCLUDING NEGLIGENCE), UNLAWFUL ACT, OR OTHERWISE IN CONNECTION WITH THE SERVICE IS LIMITED TO THE ACTUAL PURCHASE PRICE RECEIVED FOR THE SERVICE THAT GAVE RISE TO THE CLAIM.
- 8.2 PHILIPS SHALL NOT BE LIABLE FOR ANY INDIRECT, PUNITIVE, INCIDENTAL, EXEMPLARY, SPECIAL OR CONSEQUENTIAL DAMAGES, AND/OR FOR ANY DAMAGES INCLUDING LOSS OF DATA, PROFITS, REVENUE, BUSINESS INTERRUPTION OR USE IN CONNECTION WITH OR ARISING OUT OF THESE CONDITIONS OF SERVICE, REGARDLESS OF WHETHER THEY ARE FORESEEABLE OR NOT AND WHETHER THE CLAIM IS MADE IN TORT (INCLUDING NEGLIGENCE), BREACH OF CONTRACT,

INDEMNITY, AT LAW OR IN EQUITY. NEITHER PHILIPS NOR PHILIPS' SUPPLIERS SHALL BE LIABLE FOR ANY LOSS OR INABILITY TO USE MEDICAL OR OTHER DATA STORED ON OR BY THE EQUIPMENT.

8.3 THE EXCLUSION OF LIABILITY IN THESE CONDITIONS OF SERVICE SHALL ONLY APPLY TO THE EXTENT ALLOWED UNDER THE APPLICABLE LAW.

8.4 THE FOLLOWING ARE NOT SUBJECT TO THE LIMITATIONS OF LIABILITY UNDER SECTION 8.1:

8.4.1 THIRD-PARTY CLAIMS FOR DIRECT DAMAGES FOR BODILY INJURY OR DEATH TO THE EXTENT CAUSED BY PHILIPS' NEGLIGENCE OR PROVEN PRODUCT DEFECT.

8.4.2 CLAIMS OF TANGIBLE PROPERTY DAMAGE REPRESENTING THE ACTUAL COST TO REPAIR PHYSICAL PROPERTY TO THE EXTENT CAUSED BY PHILIPS NEGLIGENCE OR PROVEN PRODUCT DEFECT.

8.4.3 OUT-OF-POCKET COSTS INCURRED BY CUSTOMER TO PROVIDE PATIENT NOTIFICATIONS, REQUIRED BY LAW, TO THE EXTENT SUCH NOTICES ARE CAUSED BY PHILIPS UNAUTHORIZED DISCLOSURE OF PROTECTED HEALTH INFORMATION OR PERSONAL HEALTH INFORMATION.

8.4.4 FINES/PENALTIES LEVIED AGAINST CUSTOMER BY GOVERNMENT AGENCIES CITING PHILIPS' UNAUTHORIZED DISCLOSURE OF PROTECTED HEALTH INFORMATION OR PERSONAL HEALTH INFORMATION AS THE BASIS OF THE FINE/PENALTY; ANY SUCH FINES OR PENALTIES SHALL CONSTITUTE DIRECT DAMAGES.

9. Intellectual Property Indemnification.

9.1 Philips shall indemnify, defend, and hold harmless Customer against any claim that Services, including any software, part, or service materials provided under this Agreement (collectively "Service Item(s)"), infringes, misappropriates, or violates any third party intellectual property right, whether patent, copyright, trademark, or trade secret, provided that Customer: (a) provides Philips prompt written notice of the claim and (b) grants Philips full and complete information and assistance necessary for Philips to defend, settle, or avoid the claim.

9.2 If a Service Item is found or believed by Philips to infringe a valid patent or copyright; Customer has been enjoined from using a repaired product or Service Item pursuant to an injunction issued by a court of competent jurisdiction, Philips may, at its option:

9.2.1 procure the right for Customer to use the Service Item(s);

9.2.2 replace or modify the Service Item(s) to avoid infringement; or

9.2.3 refund to Customer a portion of the service fees upon the return of the Service Item(s) that are subject of such claims of infringement. Philips shall have no obligation for any claim of infringement arising from: Philips' compliance with Customer's designs, specifications, or instructions; Philips' use of technical information or technology supplied by Customer; modifications to the Service Item(s), which are not permissible hereunder; use of the covered Philips product (based on Service Item(s) delivered under this Agreement) other than in accordance with the product specifications or applicable written instructions; use of the covered Philips product, including with Service Item(s), with any other product not sold by Philips to Customer and the Philips product (including Service Items) in and of itself is not infringing; if claims of infringement would have been avoided by the use of a current unaltered release of covered Philips products, provided that, Philips makes such unaltered release available to Customer at no additional charge for use of the Philips Product (including with Service Items) after Philips has advised Customer, in writing, to stop use of the Philips Product in view of the claimed infringement (provided that this shall not be a

replacement for the remedies set forth in 9.2 (1)-(3) above). The terms in this section 9.2 state Philips' entire obligation and liability for claims of infringement and Customer's sole remedy in the event of a claim of infringement.

10. End of Life.

10.1 AFTER THE END OF LIFE DATE, PHILIPS WILL CONTINUE TO USE COMMERCIALY REASONABLE EFFORTS TO REPAIR EQUIPMENT, BASED ON PARTS AND TRAINED ENGINEER AVAILABILITY, BUT WITH NO UPTIME GUARANTEE. AFTER THE END OF LIFE DATE, PHILIPS WILL NOT CREATE OR TEST BUG FIXES, PATCHES, OR ENHANCEMENTS TO THE EQUIPMENT HARDWARE OR SOFTWARE.

10.2 If Philips determines that its ability to provide the Services is hindered due to the unavailability of parts or trained personnel, or that the Equipment can no longer be maintained in a safe or effective manner, as determined by Philips, then Philips may terminate this Agreement with respect to such Equipment upon notice to Customer and provide Customer with a refund of any Customer pre-payments for periods of Service coverage not already completed.

11. Proprietary Service Materials.

11.1 In connection with the Services, Philips may deliver or transmit to the Site certain proprietary service materials (including software, tools, and written documentation) that have not been purchased by or licensed to Customer. The presence of this property within the Site will not give Customer any right or title to this property or any license or other right to access, use, or decompile this property. Customer hereby consents to this delivery, storage, attachment, installation, and use of such proprietary service materials, and Customer consents to the presence of a Philips' locked cabinet or box at the Site for storage of this property and to Philips' removal of all or any part of this property at any time, all without charge to Philips. Customer agrees to return any service tools that are no longer required on-site to Philips and to take responsibility for exportation, duties, fees, and transport cost, all in accordance with Philips' instructions; failure to do so entitles Philips to invoice Customer for the value of the respective tool. Customer will protect this property against damage or loss and to prevent any access to or use of this property by any unauthorized party and Customer will be liable for any violation thereof. Customer shall immediately report to Philips any violation of this provision.

12. Confidentiality.

Each party will maintain as confidential any information furnished or disclosed to one party by the other party, whether disclosed in writing, visually, or orally, relating to the business of the disclosing party, its customers, or its patients, and this Agreement and its terms, including its pricing terms. Each party will use the same degree of care to protect the confidentiality of the disclosed information as that party uses to protect the confidentiality of its own information, but not less than reasonable care. Each party will disclose such information only to its employees, and in the case of Philips, its Affiliates and subcontractors having a need to know such information to perform the transactions contemplated by this Agreement. Notwithstanding any other provision of this Agreement to the contrary, Customer shall have the right to disclose pricing and other terms of this Agreement to Customer's attorneys, accountants, entities in which Customer maintains an ownership position in or a contractual relationship with, and other third parties retained by Customer (collectively "Customer Consultants".)

12.1 The obligation to maintain the confidentiality of such information will not extend to

12.1.1 information in the public domain at the time of disclosure,

12.1.2 information that is lawfully obtained by the receiving party from a third party without any breach of confidentiality

or violation of law, or

12.1.3 information that is required to be disclosed by law or by court order. The confidentiality obligations herein will expire five (5) years after the Agreement terminates or expires. The disclosing party maintains exclusive ownership of the

confidential information that it discloses to the receiving party, and the receiving party shall be responsible for the breach of these confidentiality terms by any of its representatives or other person to whom it may disclose the confidential information. Notwithstanding the foregoing, in the event a party is required by law or court order to disclose the other party's confidential information to a court, government department/agency, or regulatory body, to the extent permitted by applicable law, it shall first inform the other party of the request or requirement for disclosure to allow an opportunity for the other party to apply for an order to prohibit or restrict such disclosure. Moreover, nothing set forth herein shall prohibit Customer from disclosing confidential information required by state or federal open records laws, to the extent disclosed in compliance with the rules and procedures applicable thereto, including notifying Philips and providing Philips an opportunity to argue certain information may be exempt as a trade secret, if applicable thereunder. The party receiving the other party's confidential information agrees and acknowledges that any breach or threatened breach of these obligations of confidentiality may result in irreparable harm to the disclosing party for which there may be no adequate remedy at law. In addition to any other remedies, in such event the disclosing party may be entitled to seek an injunction, without the necessity of posting a bond, to prevent any further breach of this Agreement by the receiving party.

13. Compliance with Laws & Privacy.

- 13.1** If any provision of these Conditions of Service is found to be unlawful, unenforceable, or invalid, in whole or in part, the validity and enforceability of the remaining provisions shall remain in full force and effect. In lieu of any provision deemed to be unlawful, unenforceable, or invalid, in whole or in part, a provision reflecting the original intent of these Conditions of Service, to the extent permitted by the applicable law, shall be deemed to be a substitute for that provision. The failure by Customer or Philips at any time to require compliance with any obligation shall not affect the right to require its enforcement at any time thereafter.
- 13.2** For customers in the United States, each party shall comply with all laws, rules, and regulations applicable to the party in connection with the performance of its obligations in connection with the transactions contemplated by the Quotation, including, but not limited to, those relating to employment practices, federal and state anti-discrimination laws (including Title VII of the Civil Rights Act of 1964 as amended, the Rehabilitation Act of 1973 as amended and the Veterans Readjustment ACT of 1972 as amended), E-Verify, FDA, Medicare fraud and abuse, and the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Health care providers are reminded that if the purchase includes a discount or loan, they must fully and accurately report such discount or loan on cost reports or other applicable claims for payment submitted under any federal or state health care program, including but not limited to Medicare and Medicaid, as required by federal law (see 42 CFR 1001.952[h]).
- 13.3** To the extent applicable, Customer acknowledges it shall comply with all Medicare, Medicaid, or state cost reporting requirements, including discounts afforded to Customer under this Agreement, for any and Services or parts purchased hereunder. Omnibus Reconciliation Act (OMNI) Social Security (PL96-499, Public Law).
- 13.4** To the extent applicable to your country or state, Philips and Customer shall comply with the Omnibus Reconciliation Act of 1980 (P.L. 96-499) and its implementing regulations (42 CFR, Part 420). Philips agrees that until the expiration of four (4) years after furnishing Services or parts pursuant to these Terms and Conditions, Philips shall make available, upon written

any of their duly authorized representatives, these General Customer Service Terms and Conditions and the books, documents, and records of Philips that are necessary to verify the nature and extent of the costs charged to Customer hereunder. Philips further agrees that if Philips carries out any of the duties of these Terms and Conditions through a subcontract with a value or cost of ten-thousand U.S. dollars (\$10,000.00) or more over a twelve (12) month period, with a related organization, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such Services pursuant to such subcontract, the related organization shall make available, upon written request of the Secretary, or upon request of the Comptroller General, or any of their duly authorized representatives the subcontract, and books, documents, and records of such organization that are necessary to verify the nature and extent of such costs. This paragraph relating to the retention and production of documents is included because of possible application of Section 1861(v) (1) (1) of the Social Security Act (42 U.S.C. 1395x (v) (1) (I) (1989)), as amended from time to time, to these Terms and Conditions. If Section 1861(v) (1) (1) should be found to be inapplicable, then this paragraph shall be deemed inoperative and without force and effect.

- 13.5** Excluded Provider. As of the date of the sale of the Services, Philips represents and warrants that Philips, and its employees and subcontractors, are not debarred, excluded, suspended, or otherwise ineligible to participate in a federal or state health care program, nor have they been convicted of any health care related crime for the Services and parts provided under these General Customer Service Terms and Conditions (an “Excluded Provider”). Philips shall promptly notify Customer if it becomes aware that Philips or any of its employees or subcontractors providing Services hereunder have become an Excluded Provider under a federal or state healthcare program, whereupon Customer shall provide Philips with a reasonable opportunity to discuss and attempt to resolve in good faith with Customer any Customer-related concerns in relation thereto, and/or will give Philips a reasonable opportunity to dispute its, or its employee’s or subcontractor’s, designation as an Excluded Provider. In the event that the Parties are unable to resolve any such Customer concerns of the applicable party’s designation as an Excluded Provider, then Customer may terminate this order by express written notice for Services not yet rendered and parts not yet shipped prior to a date of exclusion.
- 13.6** To the extent applicable to your state, it is Customer’s responsibility to notify Philips if any portion of the Quotation is funded under the American Reinvestment and Recovery Act (ARRA). To ensure compliance with the ARRA regulation, Customer shall include a clause stating that the Quotation is funded under ARRA on its purchase order or other document issued by Customer.
- 13.7** For those customers where Canadian Federal and/or Provincial privacy laws (“Canadian Privacy Laws”) apply, Philips and Customer will comply with Canadian Privacy Laws in fulfilling their respective obligations hereunder. Customer acknowledges that Philips may be required, in limited circumstances, to store or grant access to Personal Data to the original equipment manufacturer (OEM) or its Affiliates located outside of Canada. Unless otherwise permitted by law, such disclosure will be limited to exceptional circumstances where it is necessary for the purposes of installing, implementing, maintaining, repairing, trouble shooting, or upgrading the Equipment, or where data recovery assistance from the OEM is necessary. Where required by law, any such disclosure will be limited to temporary access and storage for the minimum time necessary for the purpose and only as required in order to meet the requirements of this Agreement. Customer acknowledges and agrees that Customer is responsible for obtaining all required consents and providing all required notices to individuals to allow Philips and its subcontractors to process Personal Data for the purposes set out herein.

14. Processing of Personal Data.

14.1 During provision of the Services, Philips and/or its Affiliates may process information, in any form, that may qualify as personal data, which is information relating to an individual from which that individual can be directly or indirectly identified. Philips and/or its Affiliates will:

14.1.1 process any protected health information (PHI) as defined by the Health Insurance Portability and Accountability Act of 1996 (HIPAA) on behalf and by instruction of Customer (the terms and conditions governing Philips' handling, processing, storage, or use of PHI are set forth in the Business Associate Agreement or Addendum between the parties) and

14.1.2 process information such as log files or device parameters (which may contain personal data) to provide the Services and to enable its compliance with and performance of its task as manufacturer of medical devices under the applicable regulations and standards, including but not limited to the performance of vigilance, post-market surveillance and clinical evaluation related activities.

15. Use of Non-Personal Data.

15.1 Customer agrees that Philips and/or its Affiliates may use any data other than personal data generated by the Equipment and/or otherwise provided by Customer to Philips for Philips' own legitimate business purposes including, but not limited to, for data analytics activities to determine trends of usage and advise on the use of Philips products and Services, for research, product and service development and improvement (including the development of new offerings), substantiation of marketing claims, and for benchmarking purposes.

16. Export Control.

16.1 The provision of Service may be subject to the granting of governmental export licenses. In the event that such licenses or an end-user statement are required, Philips will contact Customer immediately and Customer shall provide Philips with such documents on first request. In case the provision of the Services becomes restricted or forbidden due to changed export control laws, Philips may suspend or terminate, at its option, the execution of its obligations under this Agreement without incurring any liability toward Customer other than reimbursing any amounts received for Services not yet rendered.

17. Subcontracts and Assignments.

17.1 Philips may subcontract to service contractors of Philips' choice any of Philips' service obligations to Customer or other activities performed by Philips under this Agreement. No such subcontract will release Philips from those obligations to Customer. Philips may, without prior notice or consent, assign this Agreement to its parent corporation, any of its Affiliates, or to a successor entity in the event of a merger, consolidation, transfer, sale, stock purchase or public offering, as long as the party who receives the assignment assumes all of Philips' obligations hereunder. Customer may not assign this Agreement or the responsibility for payments due under it without Philips' prior express written consent, which will not be unreasonably withheld.

18. Term and Termination.

18.1 This Agreement is non-cancelable by Customer unless as expressly set forth in this Agreement and will remain in effect for the Term.

18.2 Either party may terminate this Agreement upon written notice in the event that the other party becomes or is deemed to be insolvent, discontinues business, is unable to pay its debts, is the subject of bankruptcy proceedings, enters into liquidation whether compulsory or voluntarily or has a receiver or administrator appointed over all or any part of its assets, enters into any arrangement or agreement, or assignment with, or for the benefit of its creditors or any of them, or if the other party takes or suffers any similar action in consequence of debt or insolvency in any jurisdiction. If Customer becomes insolvent, unable to pay its debts as they fall due, files for bankruptcy or is subject to it, has appointed a recipient, is subject to a late fee on payments (temporary or permanent), or has its assets assigned or frozen, Philips may cancel any unfulfilled obligations or suspend its performance; provided that, however, Customer's financial obligations to Philips shall remain in full force and effect.

18.3 If Customer sells or otherwise transfers any of the Equipment to a third party and the Equipment remains installed and in use at the same location, and such third party assumes the obligations of Customer under this Agreement or enters into a new service agreement with Philips, the price will be equal to the price in this Agreement and a term at least equal to the unexpired/unused term of this Agreement. If such third party does not assume the obligations of Customer under this Agreement, then Customer may terminate this Agreement with respect to such Equipment upon no less than thirty (30) days' prior written notice to Philips, in which case Customer shall pay to Philips (i) all amounts due under this Agreement through the effective date of termination (based on the notice requirement) and (ii) as liquidated damages, and not as a penalty, an amount equal to thirty percent (30%) of the remaining payments due under this Agreement for such Equipment from the date of termination through the scheduled expiration of the term of this Agreement.

18.4 Customer may terminate, upon sixty (60) days' written notice to Philips:

18.4.1 the Service coverage for an individual piece of Equipment under this Agreement, representing that such Equipment is being permanently removed from the Site and is not being used in any other Site, or

18.4.2 the Agreement, specifically describing a material breach or default of this Agreement by Philips; provided, however, that Philips may avoid such termination by curing the condition of breach or default within such sixty (60)-day notice period.

18.5 Philips may terminate this Agreement, wholly or partially:

18.5.1 if Customer defaults in the performance of any of its obligations under this Agreement, and fails to remedy the same within sixty (60) days of a written notice, or

18.5.2 as described in Section 4 (Payment) and Section 10 (End of Life).

19. Independent Contractor.

19.1 Philips is Customer's independent contractor. Nothing in this Agreement shall be construed to designate Philips or Philips' employees or Philips' subcontractor or any of its employees as Customer employees, agents, or partners. Philips' employees and Philips subcontractors are under Philips' exclusive direction and control. Philips has no liability or responsibility for and does not warrant Customer's or Customer's employees' or other representatives' acts or omissions related to any services that are performed by Customer's employees or representatives under this Agreement.

20. Force Majeure.

20.1 Each party shall not be liable in respect of the non-performance of any of its obligations (except for payment obligations for Services rendered) to the extent such performance is prevented by any circumstances beyond its reasonable control, including, but not limited to, acts of God, war, civil war, insurrection, fire, flood, labor disputes, epidemics, pandemic, cyber-attack, act of terrorism, governmental regulations and/or similar acts, embargoes, export control sanctions or restrictions, Philips' unavailability regarding any required permits, licenses and/or authorizations, default or force majeure of suppliers or subcontractors. If force majeure prevents Philips from performing any obligation arising out of the sale, Philips shall not be liable to Customer for any compensation, reimbursement, or damages. If any such Force Majeure event does occur, the impacted party subject thereto shall resume performance as soon as possible

21. Third-Party Products Provided by Philips.

21.1 To the extent a third-party products service plan is explicitly identified in the Quotation, Philips shall be responsible for servicing third-party products provided by Philips. Otherwise, Philips is not responsible for servicing any third-party products provided by Philips to Customer.

22. Adulterated Systems.

22.1 If Philips determines that the Equipment has been modified or adulterated in a manner not explicitly specified in the documentation accompanying the Equipment, including without limitation by including a part, component, or device not specified as compatible (an "Adulterated System"), and such modification or adulteration hinders Philips' ability to provide the Service or maintain the Equipment in a safe or effective manner, then Philips will promptly notify Customer of such Adulterated System. Following receipt of such notice, if Customer does not permit Philips (at Customer's cost) to remediate the Adulterated System, then Philips may remove the Adulterated System from the Site list, adjust the Services under this Agreement, and provide Customer with a refund of any Customer pre-payments for periods of Service not yet rendered or parts not yet provided.

23. Insurance.

23.1 Upon Customer request, Philips will provide a Certificate of Philips insurance coverage.

24. Rules and Regulations.

24.1 To the extent made known in writing to Philips, Philips and its subcontractors will comply with Customer's rules and regulations provided such rules and regulations do not conflict with established Philips policies.

25. Miscellaneous.

25.1 Survival. Customer's obligation to pay any money due to Philips hereunder survives expiration or termination of this Agreement. All of Philips' rights, privileges, and remedies with respect to this Agreement will continue in full force and effect after the end of this Agreement.

25.2 Performance. The failure of Customer or of Philips at any time to require the performance of any obligation will not affect the right to require such performance at any time thereafter. Course of dealing, course of performance, course of conduct, prior dealings, usage of trade, community standards, industry standards, and customary standards and customary practice

or interpretation in matters involving the Service and delivery of similar or dissimilar services shall not serve as references in interpreting the terms and conditions of this Agreement.

- 25.3** Counterparts. This Agreement may be executed in one or more counterpart copies, each of equal validity, that together constitute one and the same instrument. Any photocopy or facsimile of this Agreement or any such counterpart is deemed the equivalent of an original and any such facsimiles constitute evidence of the existence of this Agreement.
- 25.4** Governing Law. All transactions contemplated under this Agreement shall be governed by the laws of the state in which the Equipment is located, without regard to that state's choice of law principles, and expressly excluding application of the Uniform Computer Information Transactions Act ("UCITA"), in any form. EACH PARTY, KNOWINGLY AND AFTER CONSULTATION WITH COUNSEL, FOR ITSELF, IT'S SUCCESSORS' AND ASSIGNS, WAIVES ALL RIGHT TO TRIAL BY JURY OF ANY CLAIM ARISING WITH RESPECT TO THIS AGREEMENT OR ANY MATTER RELATED IN ANY WAY THERETO.
- 25.5** Amendment. Save and except for items where Philips has retained the right to unilaterally amend the terms of this Agreement, this Agreement may not be amended except by written instrument signed by both parties.
- 25.6** Communication. Notices or other communications shall be given in writing and shall be deemed effective if they are delivered in person or if they are sent by courier or mail to the relevant party.
- 25.7** Choice of Language. This Agreement is drawn up in English pursuant to the formal request of parties. Cette entente a été rédigée en anglais à la demande expresse des deux parties.
- 25.8** Entire Agreement. This Agreement, including all applicable Exhibits as attached hereto, constitutes the entire understanding of the parties and supersedes all other agreements, written or oral, regarding its subject matter. No additional terms, conditions, consent, waiver, alteration, or modification will be binding unless in writing and signed by Philips' authorized representative and Customer. Additional or different terms and conditions, whether stated in a purchase order or other document issued by Customer, are expressly rejected and will not apply to the transactions contemplated by this Agreement. No prior proposals, statements, course of dealing, course of performance, usage of trade or industry standard will be part of this Agreement. For avoidance of doubt, a reference to "Imaging" or "Imaging Services" equals a reference to Services to Philips' MRI, CT, AMI, DXR, Ultrasound, or IGT-Systems devices.
- 25.9** Additional Terms. Service-specific exhibits and any associated attachments are incorporated herein as they apply to the Services listed on the Quotation and their additional terms shall apply solely to Customer's purchase of the Services specified therein. If any terms expressly set forth in an exhibit conflict with terms set forth in these General Customer Service Terms and Conditions, the terms expressly set forth in the exhibit shall govern.

26. Authority to Execute.

- 26.1** The parties acknowledge that they have read the terms and conditions of this Agreement, that they know and understand the same, and that they have the express authority to execute this Agreement.

Exhibit 3A Additional Terms and Conditions for Imaging Services

1. Services.

- 1.1 Initial Inspection. Within ninety (90) days following the Effective Date of this Agreement, Philips will inspect each Equipment not previously serviced by Philips and notify Customer of any Equipment that does not meet manufacturer specifications. Philips will provide Customer a written estimate for repairs necessary to bring any of the Equipment within manufacturer specifications. Upon Customer's request, Philips will provide necessary repairs at Philips' then current labor rate. If Customer elects not to have such Equipment repaired, Philips may remove such Equipment from this Agreement.
- 1.2 Planned Maintenance Service. Unless otherwise indicated in the Quotation, Philips will provide planned maintenance Services including general Equipment inspection and planned remedial maintenance activities of non-emergency nature, as well as Equipment monitoring via remote network connection in order to identify potential technical issues with the Equipment and initiate service action to address such potential issue. The so initiated service action will be provided, in most cases, as part of the planned service activities at the Site. Philips will provide such planned maintenance during the hours of coverage (as defined in the Quotation) at a time that is mutually agreed upon. Philips will provide Customer a planned maintenance schedule for the Equipment(s). For Ultrasound Equipment, Philips will not provide planned maintenance Services unless the Equipment's specifications explicitly require such Services and/or such Services have been explicitly included in the Quotation. Trained Philips personnel will perform the planned maintenance activities. Cost incurred through system failure after planned maintenance activities performed will be charged to Customer at the then-current Philips billable rate for parts and labor services, if not covered by the Agreement.
- 1.3 Corrective Maintenance Service. Unless otherwise indicated in the Quotation, Philips will provide corrective maintenance Services including repair activities due to Equipment malfunctioning and provide replacement parts, on Exchange Basis (as defined below), as necessary to repair the Equipment, all as indicated in the Quotation. Corrective maintenance can be provided remotely or on-site at Philips' discretion.
- 1.4 Equipment Updates. If Philips determines an Equipment update is necessary to address material Equipment performance issues, Philips will notify Customer, schedule service at a mutually agreeable date and time, and install Equipment updates made available by Philips or the Original Equipment Manufacturer (OEM). Equipment updates mean revisions to Philips or OEM proprietary system software without extending functional capabilities and without hardware changes. Philips will not install operating system software updates or upgrades, or software options or upgrades that are offered separately for sale by the OEM or Philips.
- 1.5 User Quality Control Mode (UQCM, Image Guided Therapy interventional and surgical c-arm systems only). If the Quotation includes UQCM, the following applies: User Quality Control Mode (UQCM) is aimed at verifying and auditing the Azurion's image quality and X-ray dose performance, as well as Image representation on the displays – fast, frequently and flexibly – via the system's user interface in the control room. The UQCM measurements comply with the global industry standard as documented in NEMA XR 27. For frequent Quality Assurance purposes, a five (5)-minute verification protocol has been developed.
- 1.6 EasySwitch (BlueSeal MR Systems only). If the Quotation includes EasySwitch, the following applies: If EasySwitch is used more than two (2) times within a single contract year, Philips will charge Customer for MRI recovery Services at Philips' then current standard rates for time and materials.

2. Service Coverage.

- 2.1 Philips will provide the Service elements included in the Agreement as indicated in the Quotation ("Service Coverage"). Customer may request service outside the Service Coverage (e.g., service outside the hours of coverage, service or repair parts that are not otherwise included in this Agreement). Any additional services requested beyond the Service Coverage shall be subject to a quotation for demand services based on the prevailing Philips rates for labor and published list price for parts. Additional services will only be provided at the agreed date and time, after acceptance of the provided quotation and in accordance with the Demand Service Terms and Conditions.
- 2.2 Labor and Travel. Unless indicated otherwise in the Quotation, labor, and travel hours (on-site and remote) necessary to perform the Services are included in the Agreement.
- 2.3 Parts. Philips will provide parts necessary for the maintenance of the Equipment on the Site, on Exchange Basis (as defined below), as indicated in the Quotation.
 - 2.3.1 Replacement parts provided by Philips may be refurbished. All components used are subject to Philips inspection and quality control procedures and are equivalent to new in performance.
 - 2.3.2 Parts removed for replacement, and any unused spare part, become the property of Philips and Philips will remove

parts from the Site (“Exchange Basis”). Customer may not resell or exchange such parts with any third party.

- 2.2 "Downtime" means the time that the Uptime Equipment is unable to produce diagnostic images during the Base Hours of any given Measurement Period solely due to Philips' design, manufacturing, materials, or Service performance failure. Measurement of Downtime commences when Customer notifies Philips that the Uptime Equipment is unable to produce diagnostic images. Downtime does not include time due to planned maintenance service, cryogen replenishment, installation of upgrades and updates, x-ray tube replacement, or an occurrence or condition excluded under the Agreement. Philips may verify Downtime and adjust calculations accordingly.
- 2.3 "Measurement Period" for determining the Uptime Percentage is 12 calendar months beginning on the Effective Date of the Agreement. Any subsequent Measurement Period will be 12 calendar months, until termination/expiration of the Agreement. In case the last Measurement Period is shorter than 12 calendar months, the measurement will take place on a pro rata basis.
- 2.4 "Uptime Guarantee" is the minimum Uptime Percentage as set out in the Quotation.
- 2.5 "Uptime Hours" is determined by subtracting the total Downtime from the Base Hours for a particular piece of Uptime Equipment: (Uptime Hours = Base Hours – Downtime).
- 2.6 "Uptime Percentage" is determined by dividing the Uptime Hours by the Base Hours and multiplying the result by 100: (Uptime Percentage = (Uptime Hours/Base Hours) x 100).

Example:

Base Hours = 8 AM to 5 PM Monday through Friday* over the 12-month Measurement Period.

9 hours x 5 days x 52 weeks = 2,340 Base Hours

2,340 Base Hours – 60 Downtime hours = 2,280 Uptime Hours

$(2280 / 2340) * 100 = 97.4\%$ Uptime Percentage

*Depending on the Service Window agreed in the Quotation.
