Non-Reviewability Determination Request for Cardiology P.C. - Addendum
RE: RV2020-003
Cardiology P.C.

On behalf of Cardiology P.C., I am writing to provide additional information regarding our Reviewability Determination Request in accordance with the Alabama State Health Planning and Development Agency's Certificate of Need (CON) program rules and regulations (410-1-7-.02). Cardiology P.C. is not a healthcare facility as described in 410-1-2-0.5(1) but a private physician's group as described in 410-1-2-0.5(2).

Cardiology P.C. is requesting non-reviewability to provide Cardiac PET: myocardial perfusion imaging services.

Our seven cardiologists, Drs. Sibley, Mendelsohn, Cawthon, Brantley, Saab, Goli, and Reddy currently provide nuclear medicine cardiac SPECT imaging and seek to expand our testing services by offering Cardiac PET. Cardiac PET allows for more accurate testing in many patients, such as those with a higher BMI (Body Mass Index), while reducing overall radiation exposure. The addition of Cardiac PET can additionally prevent unnecessary additional testing and provide better patient outcomes.

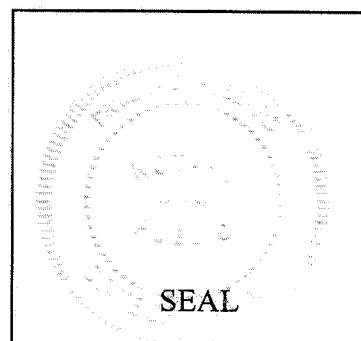

Cardiology P.C. operates solely in the service area of Jefferson County, Alabama.

Affirmation of Requesting Party: The undersigned, being first duly sworn, hereby make oath or affirm that she is the Clinical Manager of Cardiology, P.C., has knowledge of the facts in this request, and to the best of her information, knowledge and belief, such facts are true and correct.

Affiant *P. Sibley*
